## REDACTED - FOR PUBLIC INSPECTION

## **VIA ECFS**

June 30, 2014

Ms. Marlene H. Dortch, Secretary Federal Communications Commission Office of the Secretary 445 12<sup>th</sup> Street, S.W. Washington, D.C. 20554

RE: REQUEST FOR CONFIDENTIAL TREATMENT – Connect America Fund, WC Docket No. 10-90; Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan included in FCC Form 481

Confidential Financial Information – Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission

## Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Valliant Telephone Company (the Company), Study Area Code 432032, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 11-42. The Company, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan is being made pursuant to section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC's November 16, 2012 Protective Order in WC Docket No. 10-90 et al. These attachments contain competitively sensitive data that Valliant Telephone Company maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Company.

Ms. Marlene Dortch June 30, 2014 Page 2

## Five-Year Service Quality Improvement Plan

Pursuant to section 0.459 of the Commission's rules and Exemption 4 of FOIA, Valliant Telephone Company requests that the text and data extracted from its five-year service quality improvement plan be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Company keeps confidential. Public availability of this information would have a substantial negative impact on the Company.

In accordance with section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan. Specifically, confidential treatment is sought for all information in the five-year plan related to the Company's access line counts, existing broadband capabilities, and its network investment plans through 2019 that will improve service quality for its customers.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket Nos. 10-90 and 11-42 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a five-year service quality improvement plan, pursuant to 47 C.F.R. §§54.202(a)(1)(ii) and 54.313(a)(1).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan contains granular information on the Company's access line counts and existing broadband capabilities as well as detailed plans for financial investments in its network through 2019 to improve service to subscribers. This is closely guarded, privileged information that the Company does not make publicly available.

(4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

Ms. Marlene Dortch June 30, 2014 Page 3

(5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan would provide competitors with detailed, granular information regarding the Company's access line count, its existing broadband capabilities, and its strategic plans for network investments. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Company.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Company has continually treated the extracted information in its five-year plan as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan is not available to the public, and third party access is limited as described in (6) above.

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Company requests that the extracted information be withheld from public inspection indefinitely. Although the information reflects the Company's service improvement plans for a five year period, it would provide a very useful baseline for competitors for several years beyond that period.

(9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

## **Financial Annual Report**

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the Company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Valliant Telephone Company seeks confidential treatment of its financial annual report pursuant to the November 16, 2012 *Protective Order* in WC Docket No. 10-90, et al.<sup>1</sup> The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

<sup>&</sup>lt;sup>1</sup> Connect America Fund et al., WC Docket No. 10-90 et al., Protective Order, DA 12-1857 (rel. Nov. 16, 2012).

Ms. Marlene Dortch June 30, 2014 Page 4

Valliant Telephone Company is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan confidential submission bears the legend, "CONFIDENTIAL - NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL FINANCIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. Each page of the redacted filing and accompanying cover letter is marked "REDACTED – FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as an attachment to the FCC Form 481.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

Please contact me if you have any questions.

Sincerely,

Deb Morgan

Authorized Representative for Valliant Telephone Company

DM/pjf

## LINE 112 - FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN

Following is the initial five-year service quality improvement plan for Valliant Telephone Company, Inc. ("Valliant" or "the Company") pursuant to 47 C.F.R. § 54.202(a)(1)(ii) that requires an eligible telecommunications carrier (ETC) to describe proposed improvements or upgrades to the ETC's network throughout its service area. The *USF/ICC Transformation Order* establishes a public interest obligation for rate-of-return ETCs to provide broadband service at speeds of at least 4 Mbps downstream and 1 Mbps upstream (4:1) "upon reasonable request." A service quality improvement plan cannot project where in the service area reasonable requests will be made. However, the proposed network expenditures in this plan ensure the continuation of high-quality voice and broadband services within the Company's service territory.

Although this plan is a good faith effort by the Company, it is subject to change, given the uncertainty faced by ETCs regarding whether capital investments will be recoverable over the five year planning horizon. Factors that may affect the capital improvements plan include erosion of the customer base due to competition, alternative technologies, economic conditions in the service area, and unpredictable changes in the universal service support amounts an ETC receives.

Valliant owns and operates three exchanges serving subscribers in the southeastern Oklahoma. The service area includes portions of Chocktaw, McCurtain, and Pushmataha counties. The Company's service area covers approximately 222 square miles.

## **Baseline Network Description**

## Narrative Description: 2014 - 2019

## LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Valliant Telephone Company complies with applicable service quality standards and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

The rates, terms, and conditions under which the Company operates are outlined in its Local Exchange Tariff, which is approved by the state commission. The Company's tariff contains provisions regarding its customer service and protection practices, including resolving disputes with the Company, applying for service, the classification of business and residential rates, deposits, billing and payment for service, refusal, disconnection and cancellation of service. The tariff is available for customer review in the Business Office, as requested. Rates and terms of service are disclosed to customers upon application for service both verbally and in writing as part of a packet of information for new customers. Rates, applications and certain terms of service are also available on the Company's website.

Service quality standards are established by the state commission and the Company consistently meets or exceeds the standards and provides reports to the state commission, in accordance with the state commission's rules.

The protection of customers' privacy and information is of utmost importance and the Company has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Company's compliance with CPNI rules and a description of the Company's operating procedures that ensure compliance are filed at the FCC annually. Attached is a copy of the 2012 CPNI Certification and Accompanying Statement.

## LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Valliant Telephone Company certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹. The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The company is able to reroute traffic around damaged facilities. Although the Company's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

<sup>&</sup>lt;sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations including demonstration that it has a reasonable amount of back-up-power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

## LINE 920 - TRIBAL GOVERNMENT ENGAGEMENT OBLIGATION

Valliant Telephone Company (Valliant or the Company) provides service within the territory of the Choctaw Nation of Oklahoma.<sup>1</sup> Valliant has contacted the Tribe to determine if other services may be required other than the residential telecommunications services it offers within the Choctaw Nation area, but the Tribe has never responded to discuss any special interests or services that may be required.

During the reporting period of 2013, the Company has not been contacted by any representative of the Tribal government about the Company's service offerings.

<sup>&</sup>lt;sup>1</sup> FCC Public Notice, DA12-1165, released July 19, 2012, footnote 2, states, "In the context of the *USF/ICC Transformation Order*, "Tribal lands" is defined as "any federally recognized Indian tribe reservation, pueblo or colony, including former reservations in Oklahoma..."

## LINE 1010 - VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's most recent reasonable comparability benchmark for voice services is \$46.96, which includes the federal subscriber line charge ("SLC").1

In the exchanges served by Seneca Telephone Company ("the Company"), the highest single-line residential local rate, including any mandatory extended area service charge, is \$14.00. When the federal SLC (\$6.50) and the state universal service fee (\$.34) are included, the rate becomes \$20.84. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$46.96.

<sup>&</sup>lt;sup>1</sup> Wireline Competition Bureau Announces Results of Urban Rate Survey for Voice Services; Seeks Comment on Petition for Extension of Time to Comply With New Rate Floor, WC Docket No. 10-90, DA 14-384 (rel. Mar. 20, 2014), p. 2.

## LINE 1210 - TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Valliant Telephone Company (the Company) offers Lifeline subscribers federal and state Lifeline discounts to a stand-alone residential local exchange access line rate of \$14.00 and Subscriber Line Charge of \$6.50. The local exchange access line rate includes an unlimited amount of local calling minutes. Additional charges for toll calls associated with the stand-alone residential access line are billed at the rates of the long distance carrier chosen by the subscriber. There are no additional voice telephony plans offered although a Lifeline customer may subscribe to other services such as custom calling features at the standard rates offered to all customers. Attached are pages from the Company's Local Exchange Tariff describing terms and conditions that explain the Lifeline Credits and Lifeline Credits on Tribal Lands for residential customers.

## LOCAL EXCHANGE SERVICE

#### LIFELINE SERVICE IV.

#### A. **Applicability**

- Lifeline Service is a telecommunications service assistance program 1 designed to provide eligible residential customers with a credit to be applied to the price of basic local exchange service.
- 2. Eligible customers will receive a credit as set forth in Section IV. Lifeline Credits below, to be applied to their basic local exchange access service.
- 3. Customers shall not receive more than one Lifeline credit regardless of the number of residential access lines or locations the customer receives service within the State of Oklahoma.
- All charges, either recurring or nonrecurring, for any service or feature 4. other than Lifeline Service shall be billed at the tariffed rate.
- Lifeline Service shall not be available on a retroactive basis. 5.
- B. Designated Services Available to Lifeline Customers (1)

The following services shall be offered to eligible Lifeline customers:

- Single Party Service 1.
- Local Usage 2.
- 3. **Touch Tone Services**
- Voice Grade Access to the Public Switched Network 4.
- Access to Emergency Services 5.
- Access to Operator Services 6.
- 7. Access to Interexchange Services
- Access to Directory Assistance 8.
- Availability of Toll Restriction at No Charge (2) 9.

#### C. **Eligibility Requirements**

- Customers or applicants seeking a Lifeline service credit must provide 1. documentation to the Company establishing that the customer or applicant meets one or more of the following eligibility requirements prior to receiving the Lifeline service credit.
- Lifetine service may not be disconnected for non-payment of toll charges:  $\binom{1}{(2)}$
- Eligible customers accepting toil restriction services shall not be required to bay a deposit.

## LOCAL EXCHANGE SERVICE

## IV. LIFELINE SERVICE

- C. Eligibility Requirements (Continued)
  - a. The applicant or customer must meet the requirements for eligibility for either Medicaid, Food Stamps, federal public housing, Low-Income Energy Assistance Program, or Supplemental Security Income. Additionally, persons who are eligible recipients of income assistance for Vocational Rehabilitation (including Aid to the Hearing Impaired) are also eligible for the Lifeline Service credit; or
  - Are eligible for or receive assistance or benefits, as certified by the State Department of Rehabilitation services, under programs providing vocational rehabilitation, including aid to the hearing impaired; or
  - c. Are eligible for or receive assistance or benefits, as certified by the Oklahoma Tax Commission, pursuant, pursuant to the Sales Tax Relief Act, section 5011 et seq. of Title 68 of the Oklahoma Statutes.
  - d. For federal income tax purposes, the applicant is not a dependant unless over sixty years of age.
- The eligibility requirements listed above will be certified to by the applicant or the applicable state agency. The Company assumes no responsibility for the certification of customers or applicants eligibility.
- Upon receipt of the applicant's documentation establishing eligibility as stated above, the Company will begin providing the credit.
- Lifeline customers are required to provide documentation for the purpose of determining their continuing eligibility for the Lifeline credit, upon request of the Company, no less frequently than annually.
- The Lifeline service credit will be discontinued for customers who no longer meet the eligibility requirements for the Lifeline Service credit.

## LOCAL EXCHANGE SERVICE

#### LIPELINE SERVICE IV.

Eligibility Requirements for Lifeline Service On Tribal Lands (Continued) E.

AT

- The Lifeline credits will be discontinued upon receipt by the Company of 4 notice by the Customer that they no longer meet the eligibility requirements for the Lifeline credits.
- The Lifeline credits will be automatically discontinued unless the customer 5. annually certifies they continue to meet the eligibility requirements for Lifeline credits. All such annual re-self certifications must be submitted to the Company within the time frames determined by the Company.
- Lifeline customers will be converted to standard residential service rates once 6. they no longer qualify for Lifeline Service. No service charge will apply for this change in service.
- F. Lifeline Credits on Tribal Lands

DT

Lifeline Service on Tribal Lands has been established by the Federal Communications Commission (FCC), therefore eligible Lifeline customers will receive the appropriate credits, depending on the programs the customer participates in, as specified by the FCC in its Twelfth Report and Order entered into in CC Docket No. 96-45 and as set forth below:

If a customer indicates eligibility to receive Lifeline credits as, Supplemental Nutrition Assistance Program ("SNAP" f/k/a Food Stamps), Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), Medical Assistance, Vocational Rehabilitation (including aid to the hearing impaired), Food Distribution Program on Indian Reservations ("FDPIR") or Oklahoma Sales Tax Relief Act (68 O.S.§5011, et seq.), then the Customer should receive credits as follows:

AT

	Monthly Credit
Federal Lifeline Credit:	\$9.25
Oklahoma Universal Service Fund Credit:	\$1.17
Additional Federal Credit to Residential Access	Line
necessary to reduce customer's bill to \$1.00	(See Sootnote (2) below)

(1)

Credit amount will not exceed the total of the subscriber line charge and the residential local exchange rate, less \$1.00 to instance will a subscriber's monthly local exchange rate be less files \$1.00 after the application of the Lifeline Credits.

Eligible customers will also receive an additional reduction off the applicable monthly taciff rate for their local exchange parts and Order satered in CC Dooket No. 96-43.

7-27-2012 Legal Authority: OAC 165:55-5-5-402. (2)
